

The Animal and Vegetable Kingdoms are so nearly join'd, that if you will take the lowest of one, and the highest of the other, there will scarce be perceived any great difference between them

90 1690 - Locke, John (1632-1704)
An essay concerning humane understanding

the Animal and Vegetable Kingdoms, are so nearly join'd, that if you will take the lowest of one, and the highest of the other, there will scarce be perceived any great difference between them; and so on till we come to the lowest and the most inorganical parts of Matter, we shall find every-where, that the several Species are linked together, and differ but in almost insensible degrees. And when we consider

90 1795 - Unknown
The pleasing instructor

animal and vegetable kingdoms are so nearly joined, that if you will take the lowest of the one, and the highest of the other, there will scarcely be perceived any great difference between them: And so on until we come to the lowest and the most inorganical parts of matter, we shall find every where that the several species are linked together, and differ but in almost insensible degrees

89 1759 - Formey, (1711-1797)
Philosophical miscellanies on various subjects

Kingdoms are so nearly joined, "that, if you will take the lowest of one" and the highest of the other, there will "scarce be perceived any great Difference" between them; and so on, till we come "to the lowest and the most inorganical" Parts of Matter, we shall find, every- "where, that the several Species are link- "ed together, and differ but in almost in- "

89 1751 - Addison, Joseph (1672-1719)
The evidences of the Christian religion

; " and the animal and vegetable kingdoms are so nearly joined, that if you will take. the lowest " of one, and the highest of the other, there " will scarce be perceived any great difference " between them; and: o on till: we
